

## **Haiti – House #87 - Camelo Luc Family**

**Mr. Carmelo Luc and Mrs. Rose Laure Luc live quietly with their five children for whom they sacrifice a lot in order to provide a good education. Mr. Carmelo paints vehicles at the Bazard mechanic shop in Numero Deux. His wife does the laundry for a family in Jeremie. They are not Catholic but were praying that the directors of HMI could hear their prayer to finally be able to have a decent place in which to live. Since it is the policy of HMI to not discriminate for any reason and in particular not because of faith persuasion, the Luc family clearly needed a new place to live. Because of the kindness of our HMI benefactors, Christmas 2016 was very special as they were able to move into their new home.**
