

## **Haiti – House #88 - Merette Joseph Family**

**Merette Francois and Jean Brunache have six children. Mrs. Jean makes a little something for their family by taking the vegetables produced in their garden by her hard working husband to the Jeremie market. She and her husband do their best to impart a good education to their children by struggling to send them to school and attend church with them each Sunday. Their new home in Bec's Subdivision that they received at Christmas time 2016 will be a blessing to them. Thanks to all who made this possible.**
