

Luc House

Mr. Legitime Luc is a kind and gracious gentleman who always gave from his need. When the school required a small piece of property to complete the construction, Mr. Luc quickly stated that his family owned it and would be glad to donate it if it would help the community children receive a better education. He was always the first to try to help others, never thinking of himself and his deplorable situation. As HMI dedicated his new home, he constantly called out to God our loving Father to bless everyone who helped bring about this miracle for him and his family.
