

Haiti – House #90 - Mr. Bruny Vital and Mrs. Lucienne Joseph

Mr. Bruny Vital and Mrs. Lucienne Joseph have four children and live in Bec's S/D by the old Still. Though they are getting old, they still work very hard every day as farmers and taking care of the Still. Since the Still and their garden were completely destroyed by Hurricane Matthew in October 2016, their financial situation worsened. None the less, both Mr. Bruny and Mrs. Lucienne have great faith in the goodness of God. They both attend church regularly, Mr. Bruny to the Catholic Church and Mrs. Lucienne to the protestant church. When HMI was looking for a place to open a school in Kayanron, Mr. Bruny generously offered a small piece of property on which we could build the school, which has served the community so well, especially as a shelter during Hurricane Matthew, which saved many lives during that horrific event. Thank all who have helped in any way to bless this family.
