

## **House #91 - Edner Michel and Micheline Louis**

**Mr. Edner Michel and Mrs. Micheline Louis are parents of our chief construction supervisor, Jean Frenel. They have five children and one adopted child. They are subsistence farmers who eke out a living by selling their products in the Jeremie market. Micheline is very faithful to her weekly Mass at Our Lady of the Assumption parish church. They have been praying hard and waiting patiently for the day that God would bless them with a new home. After Hurricane Matthew destroyed what was left of their meager dwelling, the HMI selection team determined that they would receive a home as soon as practical. That day came in January 2017. God Bless everyone who helped in any way to make this dream possible.**
