

## Haiti – House #94 – Edwine Despeines

**Mrs Edwine Despeines lives in this terrible situation with her two children. She is a hard working single mom teacher She also farms on afternoons and week-end sings in the parish choir at Sunday Mass. Before Matthew, her house was already in terrible condition. As you can see by the “before” pictures, her circumstances are now unimaginable. May God bless all who have helped get Edwine and her children out of this awful mess and put her in a decent, secure place to live and raise her family.**
