

## Sacred Heart Catholic Church

Sacred Heart Catholic Church is located in the Caracoli community of Jeremie. This is one of the higher elevations in Jeremie with a breath-taking view of the Caribbean. There has never been a source of potable water here. People are routinely having to travel at least a mile down the mountain to fetch water. Members of the Sternfels Family from Thibodaux, Louisiana visited the area in April 2011 and decided to fund the drilling of the well and the installation of a submersible pump. The family would like to thank God for the successful outcome and dedicate this water project in memory of their beloved Mr. Ronny Sternfels.

## Installation of pump and well dedication – April 2012

Dedication Ceremony
