

Help Maintain LeSage Hall!

Thanks to our generous donors, the upgrade to LeSage Hall was completed in 2017. Costs to maintain this beautiful building have been increasing since its completion. Items such as A/C and roof repairs, internal painting, and repairs to the electrical system are costly.

Please consider donating \$2,000 or more to help offset these maintenance costs and receive an engraved leaf in your, or a loved ones memory.

Please contact Don Wixon, Operations Manager, at the Parish office, 772-589-5790, for more information.
