

## Contact Tracing

An important component for controlling the spread of the Covid-19 virus involves being able to notify anyone who might have been exposed to it so that they may take the proper precautions – that’s called “**contact tracing.**”

Some parishes use an on-line registration system to ascertain who will be attending specific weekend Masses. Not being a parish, we here at the Shrine are in the process of compiling a listing of folks who habitually attend specific Masses here on the weekend.

Please complete your attendance information on the coupon on the backside of this notice (one for you [family] and one to share). Return the completed form to us on your next visit and your name will be added to the lists being compiled for each Sunday Mass. You can find the same coupon on our Website ([stjosephshrine.org](http://stjosephshrine.org)) for downloading and printing. You may also send your information via email ([Info@stjosephshrine.org](mailto:Info@stjosephshrine.org)) or call-in your information to the Shrine Office (978) 458-6346. As information is received, our contact lists will be updated.

The information sought is basic: **your name** and a method of contacting you – a **phone number or an email address**. This is privileged information and will not be shared with anyone and only used if there is need to notify folks that they may have been exposed to the virus while attending services here at the Shrine.

*Thank You.*

**Please add my contact information  
to the Shrine’s “contact tracing” list**
