

Mrs. Angie Palmer

It is my pleasure to be the principal at St. Matthew's this year. I come with 21 years teaching experience in a variety of grade levels: 3rd grade, 4-6 remedial math, 5th grade, 7th-8th English, and PK-8 Technology. These experiences, along with my work at Creighton University in my graduate program, have prepared me for the task as your school leader. Personally, I have been married for 20 years and have 3 daughters. My hope is for each student to come to love their faith as much as I do, and learn to be Christ among us daily. I will do all I can to make sure the love of God is fostered in each student I meet.
