

Building for our Future

Growing Pains!

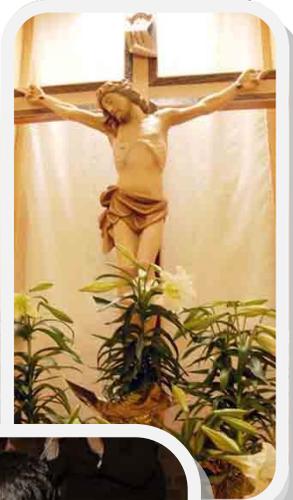

YES! We are an active parish with limited resources. Scheduling events takes coordination and often-times months in advance to find a date.

- ◆ Scheduling is a challenge—especially one time events like accommodating a wedding, wedding rehearsal, funeral or dinner function.
- ◆ The 10:30 English mass is overflowing to the vestibule and the Spanish Mass with nearly 1/3 children, has been standing room only for more than two years.
- ◆ The facility is not large enough to host any event for all the youth enrolled in our programs and their parents.
- ◆ Keizer's urban growth boundary is projected to expand and may result in a 30% increase in population within the next 20 years.

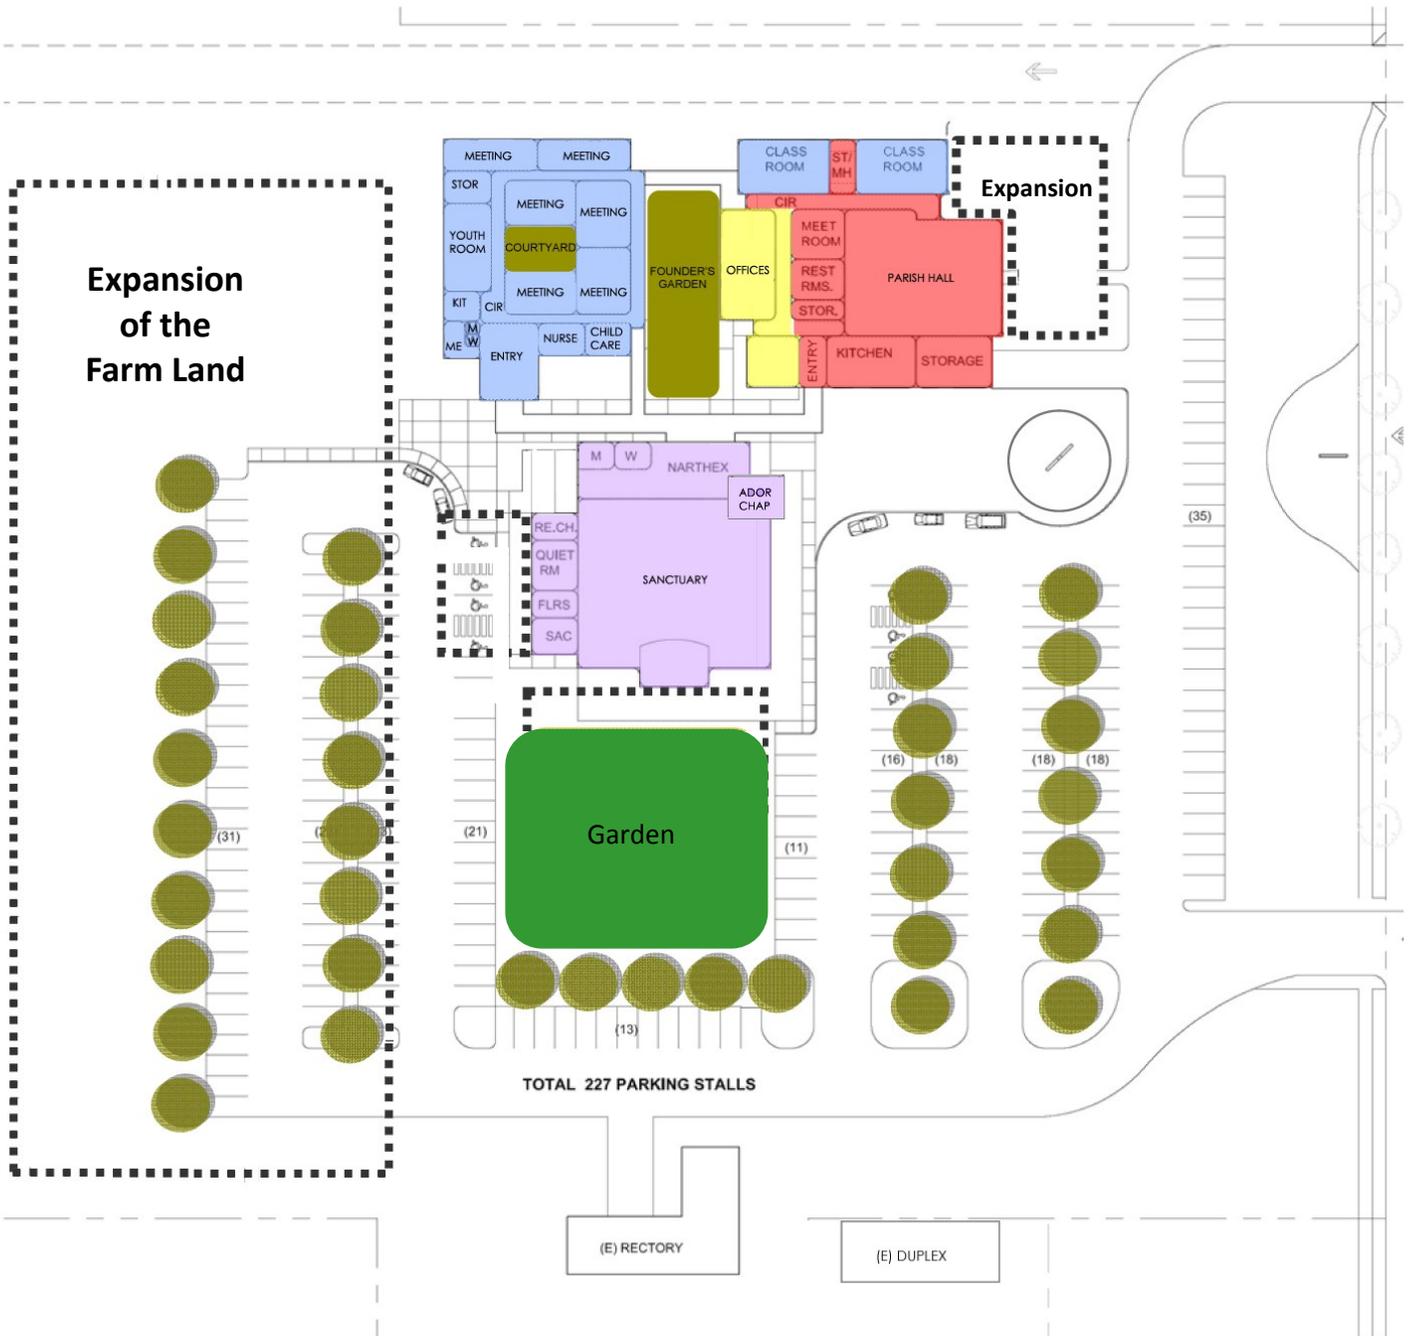

Our Vision for the Future...

St. Edward is a dynamic parish where we achieve our mission by:

- ◆ *spreading the gospel throughout the community*
- ◆ *engaging in worship in word and song that acknowledges and builds upon a relationship with Jesus Christ*
- ◆ *creating and supporting a comprehensive family and Parish ministry outreach for our faith community*
- ◆ *providing facilities to enable the church to fulfill its mission, and promoting social justice and charity.*

St. Edward Master Plan

St. Edward Master Plan is a 10 to 20 year plan with three phases

The first phase begins November 2011, with a capital campaign for a new church and remodel of the old church into meeting rooms. With the place breaking ground Summer 2012 for the new church.

New Church:

- ◆ Comfortable seating for 600 people.
- ◆ A sound proof Adoration Chapel, with safe and easy access.
- ◆ Sanctuary will overlook a new meditation garden.
- ◆ The Founder's Garden expands and improves to be a focal point of the campus.
- ◆ A new flower room, Sacristy, Cry (Quiet) Room, Reconciliation Room, and Restrooms.
- ◆ Building will be designed to expand easily in the future.
- ◆ New covered walkways are installed between all buildings.
- ◆ Parking lot redesigned and additional parking added without a loss of green space.
- ◆ Easy pedestrian access to all buildings from bus stop, River Road and parking lots .

Expand Parish Hall & Parking

- ◆ Remodel, expand and strengthen the parish hall which will include:
 - ◇ Expand parish hall
 - ◇ Add three new meeting rooms
 - ◇ Expand parking lot into open farm land

Old Church remodel to Meeting Rooms

- ◆ Remodel current church into a meeting hall which will include:
 - ◆ Eight meeting rooms plus a dedicated youth room, with three of the rooms designed to access the park/play area.
 - ◆ Childcare/nursery room
 - ◆ Nurse's room
- ◆ Removal of the center of the old church roof creating an open air courtyard.
- ◆ New interior meeting rooms will have windows to overlook the courtyard.

Our Campus:

Our campus contains a total of 18 acres which includes 12 acres of farm land:

- ◆ Master plan allows for the future sale of approximately four to five acres of farm land.
- ◆
- ◆ Six acres reserved for St. Edward future use.
