Reviewed November minutes

Fr. King showed us a proposal for updates to the foyer and back of the church

- Add brick to the walls and add curves with paint
- Raise up the statues on pillars to prevent damage to the statues
- Move St. Anthony into the church from the library and purchase a St. Maria Goretti statue for the other side (donation for the statue already received)
- We also discussed having plaques with the names of the saints and potentially even having brochures about them available in the foyer
- Met with the building committee

We also had an update on the statue and stations refurbishment projects (won't expect them back until after Easter more than likely)

We approved a new financial protocol where the Parish Society needs the approval of the Parish Council for purchases exceeding \$500.00.

We recapped the active shooting training for ushers

The council was updated on parish staff for the coming year: Zach will be leaving at the end of the summer and we will be hiring a new DRE

NEXT MEETING: Feb 27 (rescheduled to March 24)
