# What does Digital/Online Mean?

This year, we are offering digital/online classes. These are Catechist led, parent managed classes that are offered by *MyCatholicFaithDelivered* for grades 1st-8th, **Faith and Life**, which will be taken at home.

We will also offer the option of digital/online classes for grades 9th-12th offered by *Sophia Institute* to sync up with our Catechist led, **Spirit of Truth**.

# At Home

Each student will receive a digital log in for use at home. Courses provide activities along with pre/post assessments and %completion.

Parents will need a device, preferable not a phone, with video/audio capability and a reliable internet service.

Parents will most likely need to help their child connect to their online course each week.

Families are expected to continue to participate in mass each week, practice daily prayer/devotions, attend regular Confession and practice the works of mercy.
