

# Santiam Vicariate Youth Group 2017-2018

## Church In Service

As a part of Formation for Confirmation, all candidates are expected to be actively participating in their parish community. Service is an integral part of our call to live out our faith and use the gifts and talents we have each been given. We are asking that candidates participate in a variety of active ministries (at least 3) within their parish for a minimum of 2 months per ministry throughout this Year of Preparation and Formation. The hope is that your child will learn about the area of ministry they choose to participate in in addition to what it means to be an active, contributing member within their parish community. Contact the Youth Minister for ideas of different service ministries available. This is required for completion of the Program.
