

Child Abuse Prevention Month

April is Child Abuse Prevention Month. As Catholics in the Davenport Dioceses, we are familiar with the term *Protecting God's Children*. The Faith Community Health Team would like you to know this has been expanded and is now entitled *Safe Environment*. To learn more about Safe Environments which encompasses children and adults, visit the Diocesan website at <https://davenportdiocese.org/safe-environment>. To explore various topics to keep children safe you can visit the national child welfare website at <https://www.childwelfare.gov/topics/preventing/preventionmonth/>
