

Farmer's Market: The Place for Fresh Foods

If you find yourself wishing you had fresh foods to eat, try checking out a Farmer's Market. The Faith Community Health Team would encourage you to attend the DeWitt Farmer's Market from 3:30pm to 6:30pm on Thursdays through September 24, 2020 in Lincoln Park. If you have never attended this open-air market, you will find a variety of healthy foods for purchase and you will be supporting the local growers. For more information regarding the DeWitt Farmer's Market, please contact the coordinators directly at dewittfarmersmarket@yahoo.com.
