**Registering for Flocknote®**

There are two ways to register for Flocknote: from a cell phone or from a computer.

**From Your Cell Phone**

- Text the phrase "pastorsjn" (all small letters, no quotation marks) to 84576.
- You'll get a response indicating that you are registering for "A Message from the Pastor" and there will be a highlighted link to click to complete the sign-up process.
- You'll be asked for your first name, your last name, and your email address. After you enter these, click "Save."
- The words "A Message from the Pastor" will have a check mark next to them. Click "Next."
- You will be asked for your birthday. Add that information and click "Save."
- The system will then send you an email to verify your account. This may take several minutes. You can now exit the Flocknote page. Keep an eye out for the verification email from Flocknote; it will go to the email address you entered earlier. When you receive and open that email message, you will see a prompt that says "Yes, I confirm this email address." Click on that link. You'll get a message that says you are now enrolled.
- That's it! Now you'll be able to receive timely messages from the Pastor!

**OR**

**From Your Computer**

- You will have the opportunity to enter your birthdate. You can do this or skip it. When finished, click "Save".
- You'll see a message that says "We just need to verify your email and phone number." On that same screen, you'll be invited to add family members. They can also sign up separately if they have their own email addresses.
