YEAR 1 PRIORITIES
4.1 Create a parish and school communication plan that involves: web site, written material, person to person relationship building and social media.
5.3 Based upon the strategic plan , determine the need for a capital plan to support programs and facilities (parish and school), and a Safety Plan to protect all persons on the St. Mary’s campus.
6.1 Articulate the Vision and Mission and describe the value to all.
7.1 Identify all current ministries and the leaders.

HOW CAN I HELP?

We need individuals, groups and ministries to identify actions or projects they would be willing to do to help advance these priorities and the St. Mary’s vision.
