

DID YOU KNOW BY DEACON AL

HOPE AND TRUST

We are taught to hope and trust in the Lord for He sees all things and knows all things, but do we really trust and hope in the Lord? A lot of things are going on in our lives and we tend to think we can deal with it all ourselves, but we cannot. We say God has a plan, we trust Him to come to our aid, and help us with what is going on in our lives. We tell ourselves God has a plan to change things, or to make things right in our lives, and this is true. God is at work always in our lives, but we do not know His plan or how He is currently working on our issues, so we worry and fret, and wonder, what if this happens, or that happens, we cannot control it. We want to control it to have the outcome we want, the self has doubts, or gets in the way, but God has His plan. Look around at the things happening in your life, or the things that affect you, and look for the blessings in His work. God makes good out of bad; we have to look to see it. He does not flash a neon billboard saying look what I have done for you, He quietly waits for you to notice and thank Him with a prayer or a simple thank you Lord, for He knows your heart. Look around, do you see God at work in your life?
