## FROM THE PASTOR'S DESK

### Hiring of Barb Anderson as our new Pastoral Associate of Pastoral Care.

Good news! We have hired Barb Anderson to become our new full-time pastoral associate of pastoral care. Her first day of work here will be Monday, July 18. I offer my thanks to the Search Team that worked with me in the hiring process: Theresa Ruttger (parish business administrator), Sharon Balcom (parish music director), Jim Reisdorf (parish trustee) and Ann Karner (parishioner). Our Team reviewed the resumes of the candidates for this position, met to discuss the candidates, spent time interviewing candidates, and had prayerful deliberations as a group and individually. A little bit about Barb: she has been involved at our parish as a cantor for several years and more. She also used to work here as the pastoral associate of faith formation from 2000-2010. She has been working as the director of pastoral care at the Church of St. Joseph in Lino Lakes since 2013. Barb comes to us with a wealth of experience in pastoral care ministry, and she is already familiar with many members of our parish. I know she looks forward to meeting more of you and learning how we might better serve your pastoral needs. Barb will help families plan funeral liturgies, she will visit parishioners in their homes, care centers and hospitals, she will coordinate and train our pastoral ministry volunteers who visit the homebound, and she will coordinate the overall pastoral ministry in our parish community. Please join me in welcoming Barb and praying for our parish as we begin this new chapter in our parish life.

### Installation of a Rain Garden and a Tree Trench to begin Monday, June 13 on our church parking lot.

Our parish has given approval to the Ramsey-Washington Metro Watershed District (RWMWD) to install a small rain garden and a tree trench with three trees on the western half of our Flandrau Street parking lot. The installation will be paid for by the RWMWD. The installation will begin June 13 and take place most of the Summer. The northwest entrance of the parking lot will be temporarily closed for the Summer, and temporary fencing will be installed on the western half of the parking lot. When the project is completed, the northwest entrance will re-open, the parking spaces on the western half will re-open, and we will have three trees and new paving on that section of the parking lot. Thank you for adjusting your parking patterns here at church during the Summer. Some of you will need to park on the streets around our campus instead of inside the parking lot. This project is designed by the RWMWD to slow down and filter about one inch of rainfall off the impervious surface of our parking lot. As the rainfall soaks into the tree trench and rain garden, this is considered the first flush of rainfall and captures the most pollutants. Without any treatment, this rainwater carries all the pollutants into the Mississippi River. The tree trench and rain garden will remove phosphorus, suspended solids, and other pollutants that are in the rainwater that falls on the parking lot. The RWMWD will maintain and oversee the trees and rain garden for two years. After that time, our parish will be responsible for the routine weeding and trash removal in the rain garden and maintenance of the trees.

**Prayer Intention of Pope Francis for June 2022:** The Elderly. We pray for the elderly who represent the roots and memory of a people; may their experience and wisdom help young people to look towards the future with hope and responsibility.

God Bless You,

Father John Mitchell

### Faith in Action

Pope Francis has written extensively on the need to care our environment. See his encyclical *Laudato Si': On Care for Our Common Home* (find it at [www.vatican.va](http://www.vatican.va)). Last Sunday, Fr. John explained that our parish is building a rain garden and tree trench to collect pollution. While global efforts are needed, there are simple things each of us can do to care for the earth and help others at the same time. Do you recycle your organic materials or throw them out with your garbage? Could you compost your yard waste? Do you donate your usable clothing and unwanted household goods to places like Joseph's Coat or Bridging, or throw them in the garbage? Do you take shorter showers or treat water as an endless resource? We may be the land of 10,000 lakes but even some lakes are getting polluted. Ask people in the Southwest if there is an endless supply of water. These actions may take a bit more work, but our faith calls us to action even in these simple little ways.

### Weekly Rosary

The gentle repetition in the Rosary is meant to lead one into restful and contemplative prayer related to each Mystery and to help us to enter into the silence of our hearts, where Christ's spirit dwells. Join us every Wednesday at 9:00 AM in the church to pray the Rosary together. All are welcome!

## — In Christ We Live Forever —

Please remember in your prayers...

Margaret Anzevino

### St. Pascal's Legacy Society

Grandpa didn't have a will, but Grandma does. She had to settle Grandpa's estate without one, and she now knows how important a will really is. Do you have a will? Over 50% of all adults neglect to make out a will. You will be doing your family a huge service by taking the time to complete a will. Please consider naming St. Pascal's and other charitable organizations you care about as bequest beneficiaries when you complete your estate plan. If you want more information on St. Pascal's Legacy Society, please call Theresa Ruttger in the parish office at 651.432.4960 or talk to a member of the Legacy Committee—Ellen and Mike Aeling, Susan Hommes, Joe Sullivan, and Brigid O'Malley.

*"What you are is God's gift to you, what you become is your gift to God."*
