Confirmation Reflection #1 - DUE Session 2 - Getting to Know Me

As we talked about, we are WAY MORE than the sum of our attributes or characteristics. It is still important to get to know ourselves and each other. We are all made in God's image likeness, yet we are all given different gifts that make us His unique and beautiful children!

Create a Word Art Design to represent your uniqueness, using a combination of pictures (drawn or found) and statements. It can be done by hand on the other side of this paper or on a computer. Use the bullet points below to come up with an explanation of who you are.

*****It must be clear what everything represents (for examples what images represent your 3 blessings from God), please mark or label as appropriate. *****

You must include:

- Three blessings God has given you
- Three challenges in the process of growing up today.
- Three Role Models, *including at least 1 Saint or Holy Person*

Chose no less than 3 of the following:

- a personality trait that makes people laugh
- a personality trait that your friends and family value
- a secret talent or weird ability
- something good you have done for someone else
- a favorite "something"
- Quotes from family, friends or teachers describing something they love, appreciate, or admire about you

Got it all?
