## JULY 9, 2023 THE FOURTEENTH SUNDAY IN ORDINARY TIME

Dear friends,

We are off to a great start with our "Rebuilding our Church" campaign. So far 18% of our parish families (90) and pledged 68% of our goal (\$600,000). By this time all of you should have received a pledge card to make your pledge. If, by some chance, you did not receive a pledge card, let me know and I will get one to you. Please know how grateful I am to

see so many of you step up in a big way to meet this financial challenge.

It is a great reflection of

your love for our parish. I am hopeful that people can fill out and return their pledge cards by the end of the month.

This love for the parish is also expressed by the way so many folks have stepped forward to help with the actual work of rebuilding our church. Special thanks to **Jim Gries** for finding a place to store the Knights of St. John Booth and the Money Wheel stand from the summer social. And thanks for moving all of them. That will give us room to store the pews in the storage building. Thanks to **Jim and Jane Scheller** for helping to haul off unneeded items from the storage building.

Special thanks to **Madonna Niemeier** for the work she has done and will be doing to oversee the interior painting of our church and the installation of the new carpet.

I'm grateful too for the work that **Alan Blankenberger** has done with the electrical work in church. Grateful too for all the help we have had repairing our pews and getting them ready to put the new coat of conversion varnish on them: **Gary Fehrenbacher, Bob Fehrenbacher, Randy Fehrenbacher, Fred Gries, Randy Tenbarger, Dave Richter, Jim Herr, Dennis Gibbs, Vernie Gries, Gary Gries.**

Thanks to **Mary Kay Fehrenbacher and Jane Scheller** for bringing some cookies for the brick masons from Empire Construction. We're open to having more people make cookies for the workers!

I'm very grateful too for all the folks at Fehrenbacher Cabinets and Fehrenbacher Wood Specialties for allowing us to use their facilities to cut the new pew supports and to stain and finish them. It's amazing what can be accomplished when you have good equipment!

We are blessed too by all the work that is being undertaken by the committee overseeing all the work on our church. **Tom Blythe, Mike Loehrlein, Dennis Niemeier, Bob Fehrenbacher and Janice Herr** have put in many hours taken care of a myriad of details involved with our rebuilding efforts in the church. You can be sure that our rebuilding work is in good hands.

Leaning into the journey of life

Fr. Gene Schroeder

P.S. A special word of thanks to **Todd Wingert** for taking care of our water treatment plant sand filter and to **Brad Dick** for taking care of the trees that got blown down by last week's storms.

**HAPPY  
ANNIVERSARY**

## Eucharistic Adoration

Each Monday we invite people to come to pray before the Blessed Sacrament from 7 am to 6:30 pm. We gather in our temporary chapel in the parish rectory. We are always looking for new people to take the place of those who can no longer come for an hour of adoration in church. You can sign up to come for a regular hour each Monday or just come when you can.

## CAR WASH -- MONDAY, JULY 17 4 - 6 PM

The teachers and staff of our school will be hosting a Teacher Car Wash on Monday, July 17<sup>th</sup> from 4:00-6:00 PM in the school parking lot. Come out to have your car washed and visit with your favorite teachers! Car washes are for a donation and all funds raised will go directly towards helping the teachers prepare for the upcoming school year. We will also be donating a portion to the Parish Capital Campaign.

## CARING FOR OUR COMMON HOME

In this year of Eucharistic Renewal, we continue reading Pope Francis's teaching letter (encyclical) entitled *Laudato Si—Caring for Our Common Home*

and seeing the real presence of God in all things.

Some of the strategies for the low emission of polluting gases aim at the internationalization of environmental costs, with the danger of imposing heavy commitments on emission reductions on countries with fewer resources, similar to those of more industrialized countries. The imposition of these measures penalizes the countries most in need of development. This adds a new injustice under the cover of caring for the environment.

As the effects of climate change will be felt for a long time, even if strict measures are now taken, some countries with scarce resources will need help to adapt to the effects that are already occurring and affecting their economies.

The strategy of buying and selling "emission credits" can give rise to a new form of speculation and would not serve to reduce the global emission of polluting gases. This system seems to be a quick and easy solution, with the appearance of a certain commitment to the environment, which however does not imply a radical change at the height of the circumstances. Indeed, it can become an expedient that allows to support the super-consumption of some countries and sectors.

For poor countries, the priorities must be the eradication of poverty and the social development of their inhabitants. At the same time they must take into consideration the scandalous level of consumption of some privileged sectors of their population and better fight corruption. Of course, they must also develop less polluting forms of energy production, but for this they need to count on the help of countries that have grown a lot at the expense of the current pollution of the planet.

The direct exploitation of abundant solar energy requires that mechanisms and subsidies be established so that developing countries can have access to technology transfer, technical assistance and financial resources, but always paying attention to concrete conditions. The costs would be low when compared to the risk of climate change. In any case, it is above all an ethical decision, founded on the solidarity of all peoples.

There is an urgent need for international agreements to take place, given the scarce capacity of local authorities to intervene effectively. Relations between states must safeguard the sovereignty of each, but also establish agreed paths to avoid local disasters that would end up damaging everyone. We need global regulatory frameworks that impose obligations and prevent unacceptable actions, such as the fact that companies or powerful countries dump highly polluting waste and industries on other countries.

We also mention the system of *governance* of the oceans. In fact, although there have been several international and regional conventions, the fragmentation and the absence of severe regulatory, control and sanction mechanisms end up undermining all efforts. The growing problem of marine litter and the protection of marine areas beyond national borders continues to present a special challenge. Ultimately, we need agreement on *governance* regimes for the full range of so-called global commons.

## COUNTDOWN TO OUR SUMMER SOCIAL--JULY 30

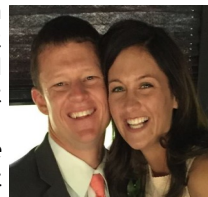

### CHAIR COUPLES

Thanks to all those who have returned your tickets. So far about 44% of our parish families have done so. Congratulations to Joe Scheller who was the winner of our early bird drawing. Remember we also have extra tickets if you can sell them (or would like to buy more tickets!) Again, call/text us (812-499-9074) and we'll get them to you.

**Britt and Patrick Fehrenbacher**  
812-480-970

By this time you should have received some chicken dinner tickets. We are sending everyone four tickets. We're hoping you can buy them or sell them. Many of you will want more tickets. Call/text us (812-499-9074) and let us know how many you need and we'll get them to you.

**Megan and Chip Altstadt**

### HELP US SPREAD SOME

## CHICKEN JOY

One of the great ways that you can help with the chicken dinner is to take

a packet of tickets and sell them. Check with your family and friends, neighbors, co-workers. Our chicken dinners are really great—enough food for several meals. We don't want to keep all this goodness for just ourselves, so let's spread a little "chicken joy" to others.

Special thanks to our "cookie crew" who began making those delicious cookies for our dinner. Just the things to top off a great meal.

Mark your calendar for our **dumpling making day, Monday, July 17. We'll start at 7 pm.** Bring a rolling pin and/or pizza cutter. No experience required. you'll be an expert in no time!
