**SPIRITUAL ADOPTION PROGRAM:** Month Five-- Your spiritually adopted baby weighs over one pound now, and his mother can feel his movement. Before this time, he was too small for her to feel. Although he swam with ease in his watery world, he needed to be big and strong enough to kick hard against the outside wall and dent it—the inside wall of the uterus has little feeling. We are mid-way through pregnancy now. Your prayers have helped your baby's mother continue with her pregnancy and seek the help she needs.
