A Call to Action & Support

Dear Parishioners,

It has been several weeks since our Parish Finance Council spoke to you about the "State of our Parish." Our message was one of gratitude for your past and continued support. But, we also expressed our current need for your time, talent and financial support. Our message has not been met with the response that we had hoped for. The history of our Parish is unique in that our small faith community has withstood the test of time while other Parishes have closed or merged. The fact that the Archdiocese of Detroit has approved our current storage and social hall building expansion is a testament to the viability and future of our Parish. But, we need to maintain and expand the active support of you; our parishioners.

Critical needs include:

- Altar servers
- Ushers
- Parish Council
- Vacation Bible School

In addition to time and talent, we ask that you consider your level of financial support for Resurrection. We are currently reviewing our operating budget for the new fiscal year (7/1/18 thru 6/30/19) and would like to maintain our many programs. Without additional support we may need to reduce or eliminate programs and services.

Please get involved! As a small Christian faith family, we all need to pitch in. Please contact Fr. Tom or the office if you or your family can assist. Your support to our faith family is needed and greatly appreciated.

Yours in Christ,
Resurrection Parish Pastoral Council & Finance Council
