(Challenge! How old was St. Agnes? Read below to see if you were correct...)

St. Agnes is a martyr, which means she died for her faith. She was only 12 or 13 when she died. In our stained-glass window, St. Agnes is carrying a lamb, which symbolizes purity and chastity, meaning that everything she thought, said, and did was about God and His love. Do our thoughts, words, and actions show people God's love? What are some ways we can do this?
