Patron Saint of: Musicians  
Born in: Unsure (~200AD)  
Died in: Unsure (~200AD)

St. Cecilia was born to a very wealthy family and was married off to a young man. But when they got married, Cecilia told her husband that she promised to have Jesus as her only spouse and that an angel will protect her. Valerian, her husband asked to see the angel, but Cecilia told him that in order to see he would need to travel to a certain place and get baptized. He got baptized and became a strong believer in God. He later died for his faith. St. Cecilia is often seen with an instrument because at her wedding ceremony she said she heard heavenly music. St. Cecilia preached the Good News and many people were baptized. She was martyred.
