Monsignor David Hintz COUNCIL 13576 NEWS

GRAND KNIGHT REPORT

Dear Brother Knights. This is my last newsletter article as Grand Knight as our council goes through yet another smooth transition of power. Rod Middagh is the new Grand Knight for the next two years beginning July 1st. I want to thank you for supporting this incredible journey the Holy Spirit has sent me on. In the beginning of my term, I will admit that the feelings and tasks were daunting, but with the help of everyone these same tasks became manageable. As time went on and the more good we did as a council, these feelings transitioned and became fulfilling and heartfelt and then time began to race. Now this chapter is coming to an end and I am ready to hand off this torch to Rod and I am look forward to beginning a new chapter as a Knight like many of you. My wish is that for every Knight in our council that you are touched in some special way by the Holy Spirit that will keep alive or maybe awaken your purpose as a Knight and bring this experience alive within you and that being an active Knight will become humbling, spiritual and fulfilling within your lives as well. Thank you for being and great council and May God Bless you all.

David Wilson, Grand Knight

*Brothers (and honorary Sisters)
Thank you for all of your efforts at our house today.
I am honored to be a member of our council.
Judy and I both come from large families and learned long ago the blessing of sharing life with others and we are proud to be a part of the strong and loving people of St. Patrick's and our council.
God Bless You
—Al and Judy Schrader.*

When Life Begins: A Reminder

Recently, I was listening to radio station outside of Lincoln. The host of show was interviewing well known TV personality who has emphasized he's pro-life. The subject of abortion came up. I was both shocked and angry when this credibly pro-life, well known personality stated "Nobody knows when life begins." It's tragic when such ignorance is broadcast to the general public.

When our council began our Pro-Life Education Series, first speaker was Fr. Christopher Kubat and title of his talk was "When does life begin?" Father is a priest and a physician. We learned that human life begins at conception -- the fertilization of the female egg. Life begins in the Fallopian tube not in the uterus. As Fr. Kubat would tell you "any standard embryology text" contains same information as to when human life begins. (Love Library would have these texts). Thus it's irrefutable scientific and medical fact that human life begins at the fertilization of the female egg and, in my view, any discussion of abortion should include that reality!

Also, Dr. Jerome LeJeune, a pro-life champion, was a French pediatrician and was also considered the world's foremost geneticist during his lifetime. He discovered the chromosome abnormality that causes Down syndrome. Lejeune testified in the 1992 Davis vs. Davis "frozen embryo" case in Tennessee that "... human life begins at conception."
