Monsignor David Hintz COUNCIL 13576 NEWS

GRAND KNIGHT REPORT

Dear Brother Knights, We've begun the Holiday Season which means, for many people, life will be getting much busier in many different dynamics. As our sign in the front of church reminds us, please try and "KEEP CHRIST IN CHRISTMAS". Our council activities will slow for a period of time, but keep also in mind that we are again sponsoring the parish Christmas Party on 12/3/17. Bring the family and enjoy a night with your fellow Knights and families. With many activities filling your calendar, make time for prayer for your family, fellow Knights and your parish. Also keep in prayer the many people that may be spending the holidays alone, or without the extras that we may enjoy and take for granted. Keep in prayer those that struggle emotionally at this time of year with the effects of winter and shorter days, or because of other physical or mental issues. Keep in prayer your Priests whose time during this busy season

gets filled with extra demands. May these holidays be filled with much happiness and joy for all our council Knights. May God Bless you all.

PS: It is still not too late to pay your dues. Any questions, please contact me or Al Schrader. Thanks

David Wilson, Grand Knight

A Founding Notion: Protecting the Breadwinner's Income

While jobs may be safer in 2017, accidents, injuries, and illnesses that can impact your ability to work still happen. Most, in fact, do not happen on the jobsite or place of employment. Did you know that a recent study revealed that more than 95 percent of the long-term disability claims on file were not work related?

The Knights have always sought to protect members' families from the "loss" of a breadwinner. I'm sure you know all about Father McGivney's vision for our first, insurance program. But you may not know that Father McGivney also wanted to find a way to help members who couldn't work because of an illness. After all, the "loss" of the breadwinner does not have to mean that person's death; it can also mean the loss of the breadwinner's income.

Consider that loss for a moment. How would your family fare if a source of income suddenly stopped? Could a dual-income family manage on one income stream? What about young families with a working father and a mother who cares for the children? What if his income halted due to an accident or illness?

I've heard some people say they have coverage at work, but too many aren't sure what this coverage entails, how much income it would provide or for how long. Having this protection counts for something, certainly, but it isn't "yours"; it's provided by the company for which you work at their discretion. It could be eliminated tomorrow.

That's where a personally-owned disability income insurance product, like Income Armor, comes into play. It can offer valuable income replacement in the event of an injury or illness.. If you have a job, you must know about this coverage.
