

# How do I set up a login?

## A Kind Little Note

This article will help you set up a login if you are already connected with your church or ministry that uses Flocknote; in other words, you're already receiving emails and text messages from your church via Flocknote. If you're looking to connect with your church or ministry for the *first time* on Flocknote, please visit [app.flocknote.com/find](https://app.flocknote.com/find) (<https://app.flocknote.com/find>) to locate your church by city/state/zip. If you're an admin looking to get your church or ministry started on Flocknote simply visit [signup.flocknote.com](https://signup.flocknote.com) (<https://signup.flocknote.com/?LoginHelpArticle>).

(<https://signup.flocknote.com/?LoginHelpArticle>) If you are looking for tacos, we would like some too, please. 🌮

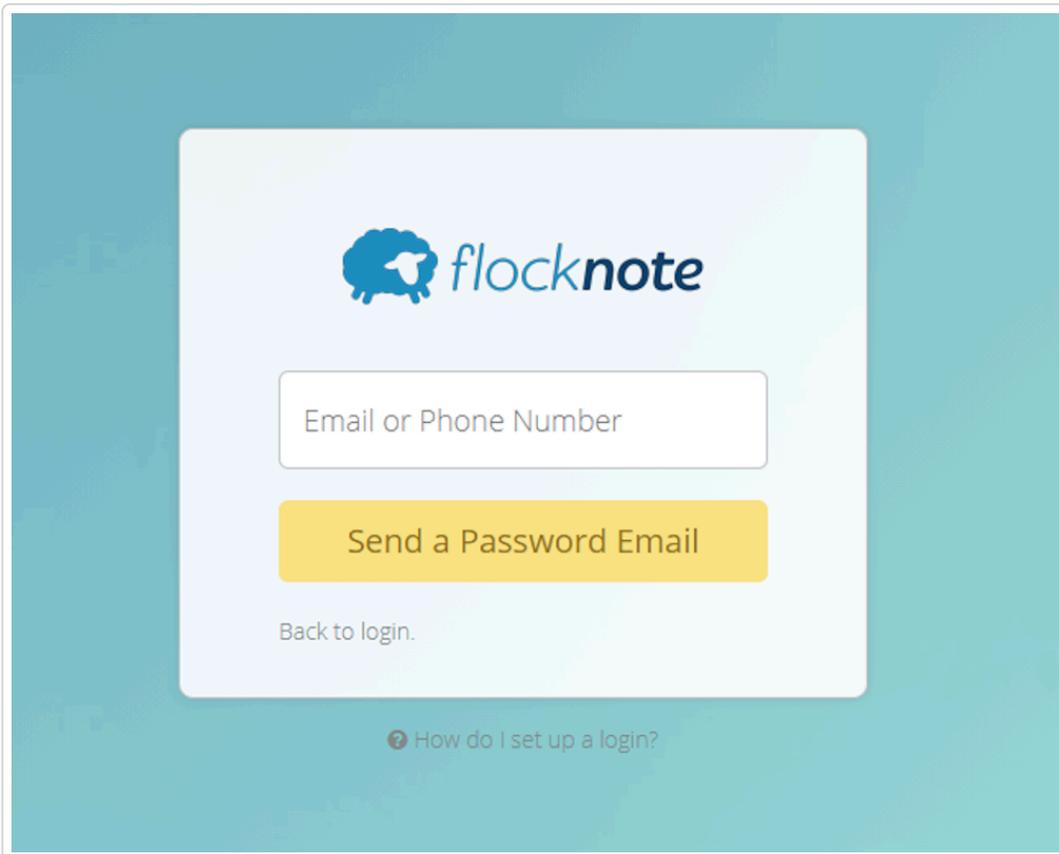

Never logged into Flocknote before, but you're already part of your church's network? No worries, setting up a login only takes a few seconds. For starters, head over to **[login.flocknote.com](https://login.flocknote.com)**

The image shows a screenshot of the Flocknote login interface. At the top center is the Flocknote logo, which consists of a blue sheep icon and the word "flocknote" in a lowercase, sans-serif font. Below the logo are two stacked input fields: the top one is labeled "Email or Phone Number" and the bottom one is labeled "Password". To the right of the password field is a checkbox labeled "Stay logged in". Below these fields is a prominent blue button with the text "Sign In" in white. Underneath the button are two links: "Reset my password" on the left and "Create a login" on the right. At the bottom center of the page, there is a small icon of a question mark followed by the text "How do I set up a login?".

Enter your email address (or phone number, if that's all you've registered with), then click **Reset my password** (if you've already set a password for your network in the past). If you've never set a password for your network before, you

can click **Create a login** instead.

After that, click the yellow **Send a Password Email** button, and follow the prompts from there. We'll send you a link to create your login or reset your password (depending on which you selected) and you'll be off to the races!

*NOTE: If you haven't signed up for your church's network yet, you'll want to reach out to them **first**, asking them for their Flocknote URL (EX: [holycross.flocknote.com](http://holycross.flocknote.com)) or their Text-to-Join keyword (EX: Text HCC to 84576)*

Did this answer your question? 😊 ☹️
