**4. ACE Assessment**

- The ACE Assessment Panel will be visiting the school March 26 and March 27
- 3 teams will be present in the building conducting observations of religion, math, and science classes, as well as interviewing/meeting with various people/groups within the school (including School Commission Members)
- Yolande is hoping that at the end of the assessment, the school will receive a final report of findings towards the end of the year

**5. Principal's Report**

- Yolande noted again that Finance Committee passed next year's budget
- 2014-2015 enrollment numbers and projections were looked at. A weak area continues to be K3 and K4. Although the hope is enrollment will expand in the summer, increased marketing efforts will take place for K3 and K4.
- Yolande distributed copies of the February 2014 budget numbers, noting that over Easter break and in the summer, internet bandwidth and wireless access points will be increased throughout the building to increase speed.
- Teacher contracts will be distributed in early April.
- Feedback from students towards the new lunch/breakfast program is good. We are hoping to bring the company back next year pending their contract renewal with West Allis Schools.

- Possible leads for new members are being investigated and persons of interest will be contacted
- The informative blurb about School Commission will be updated and distributed throughout the parish.
