

Christian Catering Company

Dear OLV Families,

It's hard to believe that the summer is almost over. Christian Catering is looking forward to being the lunch provider for your children during the 2017-2018 school year.

As many of you know, last year we started using an online system to order lunches. There were a few bumps in the road but overall, we were very happy with it. We hope that you found it convenient and easy to use. Just a few reminders as we go into the new year:

- For newcomers, please go to <https://christiancatering.schoollunchchoice.com/> to register your child. It is a simple and straightforward procedure.
- For old-timers, please make sure to change your child's grade and teacher in the system. This is very important, as this is the way we sort the orders. If the grade and/or teacher are not changed, we have a very difficult time in locating your child's order.
- The system does allow for you to cancel your lunch up until 7:45AM on the day of the order. We ask that the parents/guardians be responsible for any canceling of lunches due to absence and **including school closures for weather incidents**. The system does not allow us to do a mass credit in the event of a closing for weather.
- We've had a little bit of an issue with IOU's over the past years. With this system, you can go in and order up until 7:30 AM on that day until the deadline. Ordering is open until the 10th of each month. Please do not send your child to school without either a lunch or an order placed in the system. Call the lunchroom if you have an emergency and send a check for \$4.00 if your child needs a lunch on days past the deadline. PLEASE do not send cash. We do take pride in taking care of your children and making sure that **everyone** is fed.
- The price of meals will be \$3.75 with an added 4.2% charged by the credit card processor.

It is a privilege to serve your children! Please e-mail us with any concerns, suggestions, or questions @ christian_catering@yahoo.com.

Thank you and have a great school year!
