

Why is there a new Parish Pastoral Council Charter?

The Pastoral Parish Council was reformed 2 years ago by Fr. Ramon. They initially drafted a Parish Council Constitution. As the Council operated over the next two years, several shortcomings in the Council structure were identified. The new Pastoral Parish Council Charter rectifies those shortcomings with several changes as follows. The Council was expanded from 12 to up to 18 members with the appointment of the leaders from some of the main Ministries to be members of the Council for continuity of operations and communication. Also, the voted membership was extended from 2 years to now 3 years of service. Each year, 3 members will retire from Council, and 3 new members will be elected by the Parish. This will significantly enhance experience and continuity on the Council with regard to the voted membership.
