

Children's Faith Formation

The Holy Father's Intentions for the Month of January, 2018

Religious Minorities in Asia

That Christians, and other religious minorities in Asian countries, may be able to practice their faith in full freedom.

Wishing you a joyful and blessed New Year!

A Prayer for the New Year

Lord, You make all things new
You bring hope alive in our hearts
And cause our Spirits to be born again.

Thank you for this new year
For all the potential it holds.
Come and kindle in us
A mighty flame
So that in our time, many will see the wonders of God
And live forever to praise Your glorious name. Amen

Are you watching kids scroll through life, with their rapid-fire thumbs and a six-second attention span? the average kid spends 6.5 hours a day looking at screens. What is the impact of all this time and about the friction occurring in homes and schools around negotiating screen time? SCREENAGERS takes a deeply personal approach into the vulnerable corners of family life to explore struggles over social media, video games, academics and internet addiction. Through poignant, and unexpectedly funny stories, along with surprising insights from authors, psychologists, and brain scientists, SCREENAGERS reveals how tech time impacts kids' development and offers solutions on how adults can empower kids to best navigate the digital world and find balance.
