

Nativity Window Update: The hurricane glass pane has been replaced and we are ready for the final stained-glass panel to be installed. This is to happen, and should be completed, by the end of the coming week.

The dedication of our Nativity Window is to take place during the ***Advent Lessons and Carols*** celebration on the afternoon of Sunday, December 2nd, the First Sunday of Advent. There will be a reception in the parish hall following the dedication. All are invited to come, enjoy the *Advent Lessons and Carols* service, the dedication and the reception.
