

**Kids for Kindness
2018-2019**

Kids for Kindness was started in 2008 by a group of parent and teacher volunteers wanting to put more emphasis on character education in our school. Our purpose is to integrate character education into the life and culture of St. Annes. We strive to be visible throughout the school by encouraging kindness and providing activities that foster team-building, strengthen friendships, and provide resources that will make a positive impact for students and families.
