

Educational Beliefs

“I like to instill the love of learning, and a respect for others through teaching. Creating independent thinkers by using hands-on activities, and actively engaging minds, students can come to realize their full potential.”

Personal and Professional Background

I have been the Kindergarten Teacher at Immaculate Conception School since 2014, and have loved every minute of it!

I was born and raised in Oil City, PA and am a graduate of Oil City High School. I have a Bachelor of Science degree in Early Childhood Education, and I have been coaching volleyball for Venango Catholic High School for the past 3 years.

When I'm not at school, you can find me on the volleyball court or following the Steelers and Pirates.

What makes Immaculate Conception Special

Immaculate Conception is special because of the students. They are dedicated to a spiritual journey in learning that can last a life time.
