Join us for a town-wide Community Thanksgiving Service, hosted by Rocky Hill Congregational Church, to be held virtually via Zoom on November 24, 2020, 7:00 p.m.

We celebrate the joint participation of the following churches of Rocky Hill: Rocky Hill United Methodist Church, St. Andrew the Apostle Episcopal Church, and St. Josephine Bakhita Parish. We will also be welcoming back Rocky Hill Mayor Lisa Marotta to issue a Thanksgiving Proclamation.

*Your own formulations from here on....*

**BELOW is the ZOOM link** that participants need to use for logging into the service.

Just a few words of explanation: **We ask that you do NOT post this directly in any social media platform** so that we can protect the virtual service from those who would try to disrupt it. If you have a virtual newsletter or emailing you use for your own internal distribution this would be acceptable OR if you would like to send your

folks to the Rocky Hill Congregational Church website, we have a simple screening process that involves clicking on links to ask for worship participation. This triggers a simple screening form used prior to get a response from people who can provide the link in return.

See the red oval button area near the top of the welcome screen at: <https://www.rockyhillucc.org/> where it says, "What's New" & "Worship with us on Zoom."

We have also set up a spot there for community involvement in the thanksgiving offering which is done each year to benefit Rocky Hill Social Services with their holiday food program. ("Community Thanksgiving Offering" in red). Do let your people know, that we'll begin Music for Gathering BEFORE 7pm and therefore people should plan to link up starting at about 6:50pm or so.

P.S. REMINDER: The link for uploading your recorded materials for the service – is below, with Dave Hall's comments:

I will be collecting and playing the various recordings for the Thanksgiving service. If you need to send me any files or recordings, you may email them to me if they are small enough. However, most videos will be too large for emailing - so for those, please upload to my Google drive, using the following link:

Let me know if you do upload anything, so that I can look for it and make sure everything is ship-shape.

Thanks.
