Brother Knights,

The weather is changing, which also means two other things: liturgical year has ended and Advent season is upon us. Advent to me is always a time of reflection upon myself and where my relationship with God is at today. Our KC Council has a grade school poster contest and billboard that conveys the simple, but important message, "Keep Christ In Christmas". As KC brothers, fathers, and husbands, how are we preparing ourselves and our families for the celebration of the birth of our Savior. One suggestion is reciting the daily bible readings at every supper or bedtime with Advent candles. If you have not gotten the daily reading booklet from church, try this link: <https://www.catholic.org/advent/advent.php?id=18> Life is hectic, and the holidays portray that the most. In between the parties, presents, and food, let us take the time to honor Christ, the way, the truth, the light.

Join us December 8th after the St. Mary's Saturday evening Mass as the KC Council hops on a bus and spreads the Christmas cheer to multiple Sleepy Eye area care centers by singing Christmas Carols. We end the night with drink and snacks in the Church social room afterwards.

In addition, Brother Knights your spouses are invited to the December 10 meeting/Christmas party. Hot Food and drink (including Tom and Jerry's) after the 7:30pm meeting.

God Bless,
Ryan Braulick

**KC Insurance Agent Message:**

**The Value of Life Insurance for Children**

As a father, you worry about your children and do everything you can to protect them. **But have you ever thought about buying life insurance for your child to do just that?**

When you insure a child, you are protecting his or her future. Did you know that one out of every six adults get rated, postponed, or denied for insurance coverage? **If you purchase a policy for your child from the Knights of Columbus with a guaranteed purchase option, it guarantees that more insurance can be purchased for that child at certain set dates, without proving insurability.**

Unfortunately, as fathers, we do not have a crystal ball, and we do not know what the future may have in store for our children's health. **However, did you know that right now you could purchase a child's policy, in many cases, for less than \$10 a month?**

I have heard it said that people do not want to "profit" from the death of a child, so they will not purchase coverage on their children. God forbid something tragic happens, **but if it does, those funds can come in handy at a time when finances will be the last thing on a parent's mind.**

**Lastly, if nothing negative happens to your child, they have a cash value policy that after growing for 50-60 years can be used to supplement their retirement income.**

I have never heard a story about someone who regretted buying coverage on his or her child.

**Contact me today to discuss the many policy options for child plans, including 10- and 20-Year Paid Up life insurance options.**
