Old Business

New Eucharistic Ministers NL - Several new ministers were recently trained and are now active.

Christmas Masses - NL Claire Hall Dec 24 3PM, sound, attendance all masses - Overall attendance was down for Christmas Eve day masses but was up for Christmas Day mass. Sound system problems early in the 3 PM mass required parishioners to move from Clair Hall back to the rear Gather space of the Church. An estimated 25 parishioners left instead of relocating. Parish may be considering permanent wiring and other hardware between the Church and Clair Hall to facilitate a more reliable picture and sound for future events like this (Easter & Christmas).

New Business

Low Gluten host process - Process was worked out prior to meeting and published in the bulletin. The gluten intolerant individual would point to the separate container in the plate of host’s and then would remove the low gluten host for consumption.

Other issues - John Smith made a power point presentation on Sister Faustina’s vision of Jesus

Future Meeting Prayer Leader – Joyce Malloy

Closing Prayer – Meeting was closed with a Hail Mary, in Joyce’s absence.
