In their S.T.E.M. lesson on Friday, Jan. 22, students learned how seeds must get away from their parent plant in order to survive. In the activity we did, students created a model seed from paper. Then they released those seeds to model how they disperse and observed if any seeds were able to escape the parent plant's "Zone of Darkness" (the shady space under the tree) and survive.

*Little children, let us love in deed and in truth, and not merely talk about it. (1 John 3:18)*

Kindergarteners have been learning about 3-D shapes in math. They created cubes and rectangular prisms with toothpicks and marshmallows.

Kindergarten turned a liquid into a solid by shaking and dancing heavy whipping cream to make the solid butter. In science this week!

This fundraiser is running until Feb. 5<sup>th</sup>. Please contact Danielle at the school office for additional order forms.

**St. Mary School earns 50% of profits from this fundraiser!**

# St. Mary School Featured Family

## Mike & Lora Surita

Logan, 14

Audyn, 8

Anna, 7

1 dog – Chico, 5yrs old

### What brought your family to St. Mary School?

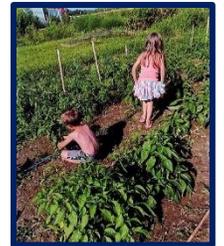

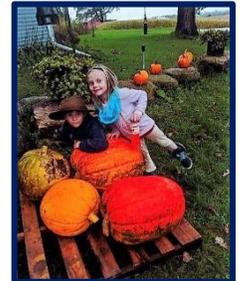

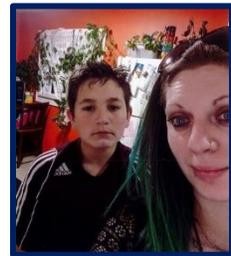

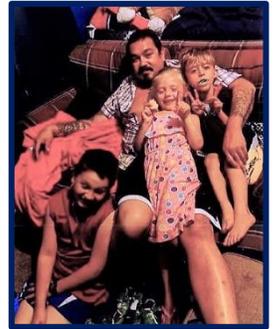

We came looking for early education as no one offered it but St. Mary's. Here we are years later. Audyn started the journey first when he started 3K. We love the strength in religion that the kids receive and believe in, and everything and the staff has done.

### What are your favorite activities to do as a family?

Some of our favorite family activities include hiking, biking and just being together. We enjoy going up north also. We love to play hard and work harder.

### What is a prayer, Saint or tradition that is important to your family?

We do a prayer before dinner. (Audyn loves to pray before dinner!) A family tradition we have each year with the kids is a New Year's Eve Cajun seafood boil. They look forward to it every year!

## ST. MARY SCHOOL ALUMINUM CAN DRIVE

St. Mary School is collecting aluminum cans to raise funds for the school. Please drop off CLOSED BAGS of empty cans at St. Mary School in the large plastic bins next to the dumpsters near the upper playground.

A scrap metal drive for larger items will be held in the near future – please hold onto those items. Please contact Katie or Gavin Feucht with questions.

**Total earned as of 11/14/20:  
\$966.00**

(above) Our students use the new smart boards for multiple activities throughout the week!

Mrs. Lemens' 2<sup>nd</sup> graders take a break from studying to loosen up with some light exercise!

Our 4K and 4K Enrichment kids did lots of fun learning activities last week!

On Wednesday, Jan. 27, kindergartner Beckham Hurst has a "Picnic with the Principal." Mrs. Yauck found lunch with Beckham was so rewarding. When asked what makes her happy, she said that playing with her friends at school was on the top of the list. She said they are all so nice to her. She loves movie night with her family because they get to have popcorn and root beer floats. When asked her if she was excited about the snow day and she said "ya kinda" but wished it didn't happen on a school day because Mrs. Fehring always has fun things to do. She is looking forward to the next time they get to go to Florida because she loves to go to Disney World and visit grandma.
