Experience Affordable Private, Faith-Based Education at St. Paul Catholic School

Since 1955, St. Paul Catholic School has provided children of the Colorado Springs community with quality education that allows students to excel academically and grow spiritually, focusing on the whole child. Located conveniently in the southwestern part of the city behind the Broadmoor hotel, our school prides itself on fostering a community where faculty, parents and students model service and a love for Christ in all that we do.

We are a co-ed private school of approximately 170 students offering:

- Early childhood education:
  - Pre-School – 3 and 4 year-olds; 2 days per week
  - Pre-Kindergarten – 4 and 5 year-olds; 3 days per week

- Kindergarten through 5th Grade Elementary School

- 6th Grade through 8th Grade Middle School

Our students typically score two grade levels higher than their current grade in reading, science, and math on the yearly state assessment. The smaller class sizes we offer allow for more 1:1 time with your child with individualized attention and lesson plans. And not only do we offer academic excellence and spiritual advancement, we also provide strong enrichment in the areas of STEM, art, choir, drama, physical education, language (Middle School) and sports programs.

At St. Paul Catholic School, a culture of service engages our students both inside and outside of the classroom where transformative life lessons of grace and responsibility are learned through serving others in our Colorado Springs community via charitable contributions and volunteering.

Your child will experience a faith-based foundation for life, complete with daily Mass, and a commitment to academic excellence. We set high standards for student achievement and help them to succeed. Students thrive in our family-oriented community. Rooted in Catholic values and committed to academic excellence, St. Paul Catholic School is dedicated to forming the whole child to know, love, and live the faith.

St. Paul Catholic School offers affordable private education with opportunities for financial aid. After school care is also available.
