

A Season for Everything Retreat

The focus of this retreat is to understand the seasons of life and the many ways we can relate, support and love each other through our seasons.

The gift of an intimate relationship with Jesus influences and molds our personal relationships and how we relate to the world through the various seasons of life. Margie will share her thoughts and experiences of how we are all called to a deeper understanding in loving and supporting each other through the various seasons of our lives. Our day will include a lightbreakfast, lunch, inspirational talks, time for prayer and reflection, and opportunities to get to know each other. Join us!
