Do you or a loved one suffer from Pulmonary Fibrosis? One type of Pulmonary Fibrosis known as IPF is more prevalent than breast cancer, yet there is little awareness of this disease or support for those who suffer from it. St. Joseph Health Ministry wants to help change that. We will hold our inaugural meeting of "Living with Pulmonary Fibrosis: Support in Indianapolis for Patients, Caregivers, Family and Friends" on **Tuesday, October 15, 2019** in Elford Hall from 1-2:30 p.m. Lunch will be provided. Please RSVP to Patty at parthur000@yahoo.com or 317-339-6503.
