FOSTERING STEWARDSHIP

Today's reading from Isaiah describes the Israelites bringing their offering to the Lord "in clean vessels." The gift of myself — my patient endurance and fidelity to the will of God — is as important as the monetary gift I offer.

This Week's Stewardship of Time and Talent

We gratefully acknowledge Adele Skibba who sacrificially shares her Time, Talent and Treasure with the Parish, as a Lector and Eucharistic Minister

We thank you **Adele!!**

WELCOME HOLY ANGELS FAMILIES!

Could you hear the shouts of joy from our Holy Angels parents? If not, maybe you heard the music and laughter at the Back to School Supply Drop-off and Social. Parents and students gathered on campus to catch up with friends after the long summer break, bring their school supplies, visit their classrooms, and meet their teachers. In addition we welcomed back our former and now new principal Mrs. Aimee Dyrek. We wish all of our students, teachers and families a blessed and happy 2025-2026 school year!

Holy Angels School serves students from Pre-K - 8th grade. If you would like more information regarding our school or are interested in touring the campus, please contact us,

DID YOU KNOW?

Children Back to school safety tips

As your children head back to school, parents should begin laying the groundwork (if they haven't already) for open communication about the school's safety guidelines and policies. Talk to children about safe adults and keep lines of communication open about who they see and interact with, how they feel about their school days, and what they are learning. Remind children regularly that they should find a safe adult if they ever feel unsafe or uncomfortable in any situation. For more tips, read "Talking to Kids About Safety and Boundaries for Back to School" by visiting <https://parequirements.com/blog/talking-to-kids-about-safety-and-boundaries-for-back-to-school>.

Solar Carport Project update!!

This week brought exciting progress on our solar carport project! The Mesa Solar Team completed all the electrical installation work for the carport system—a major milestone that moves us significantly closer to our clean energy goals. The team also made wonderful progress on installing the electric vehicle charging stations, bringing this sustainable feature closer to reality for our parish family.

With the carport electrical work now finished, we're well into the final phases of the project. The remaining work focuses on system commissioning, final inspections, and completing those EV charging stations. Soon, we'll have a unified clean energy system that will serve our Holy Angels community for years to come while demonstrating our commitment to caring for God's creation.

Weekend parking remains available in our expanded areas—thank you for your ongoing patience and flexibility! The school grounds remain open, with just the carport construction area still fenced off as the team puts the finishing touches on our new solar installation. Your understanding and support mean the world to us as we take this meaningful step toward environmental stewardship and sustainable energy.

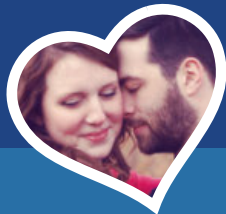

We're truly blessed by this community's enthusiasm for this green initiative. If you have any questions about the project, please don't hesitate to reach out to the parish office. Thank you for being part of this journey toward a cleaner, more sustainable future for Holy Angels!
