TESTIMONIAL

"About 6 months before the ChristLife program, I realized something was missing in my life. A need that was unfulfilled. I began taking an in-depth look at my life. I live in a beautiful cabin on the lake, I have a loving, attentive husband and a devoted family, and a comfortable retirement. The "need" wasn't that.

After some discernment, I realized what was missing and what was calling me was an authentic, personal relationship with Jesus Christ. Now what do I do about it? I was at a loss. My prayer life was sporadic. I attended Mass more as an obligation and didn't give much else a thought. Then a few months later, our parish bulletin had an announcement regarding a new program called ChristLife. Wow! Maybe this is what I need to help develop my relationship with Jesus. So my husband and I signed up for it.

After attending ChristLife, I've come to value a daily prayer life, a meaningful engagement in Sunday Mass and in the sacraments, and yes, even confession! My daily prayers/conversations with Jesus are meaningful, helpful, comforting, and sometimes difficult. I want to go to Mass instead of feeling obligated to go. I want to get up in the morning and talk with Jesus. The parish community has become a lifeline for me. I have met so many wonderful people.

I have a long way to go but I am well on a path to the spiritual life I've been longing for without even knowing it! I must thank the ChristLife program but also Holy Family Parish for bringing this program here. I hope this experience might resonate with other parishioners who may be struggling as I was. ChristLife may not be the only answer — but it was a blessing for me."
