

Session 2: The Greatest Event on Earth

We will be using the Blessed program through Dynamic Catholic for sacrament preparation.

Go to: <https://dynamiccatholic.com/blessed/program-view> (start with Session 2).

The program consists of a series of videos and a workbook that are designed to be used together for a comprehensive Sacrament preparation. The videos are approximately 3 – 5 minutes in length; please sign after your child has watched a video. The outline below will help you work through the content with your child. The videos are intended to reinforce the learning done in the workbook. Please complete both the workbook and the videos concurrently; a “to do” list can be found below to help you work through both the book and the videos.
