

Shopping Angels

Shopping angels basically connect volunteers who provide free grocery deliveries for the elderly or those with underlying health conditions. A college student in Nevada actually came up with this when COVID-19 became what it is and it has already spread to all 50 states.

Many parishioners may have family members/friends/neighbors/church members who are helping them, but if you felt like there were many who may not have those relationships, this may be a helpful tool provide both comfort and reduce fear, as well as help people just not feel so alone or isolated.

For those interested in volunteering, its super easy to sign up. They just fill out a quick form at shoppingangels.family/join and then someone emails them with information and connects them with a person in their local community who is in need of assistance.

For those who are needing assistance, they can also sign up at the same link above, OR they can call the hotline: (614) 664-9155.

The Ohio Facebook pages are:
