Faith in Action - Family

This month's Knightline has many suggested programs that will help us focus our efforts on involving families in parish life. Statistics say that the more involved parents are in their religion the more likely their children will continue practicing their faith. The Knights are here to provide opportunities for parents and children to learn and grow in their faith with programs that have been developed by brother Knights much smarter than me.

Now that Advent is here we need to specifically focus our efforts on Keeping Christ in Christmas. Suggested programs include the Journey to the Inn, Light Up for Christ and the Keep Christ in Christmas poster contest. Our councils need to get busy and quickly organize.

Let's not forget the Consecration to the Holy Family program that would work well with the Feast of the Holy Family on December 30th.

This month recalling that we do not know the “day or the hour.” I challenge you to go to confession, make a commitment to go monthly thereafter as a means of maintaining vigilant care over soul. Second, I challenge you to forgive someone who has hurt you in some way.

LTC Is an Important Piece of the Puzzle

There are many financial consultants and retirement authorities who emphasize the need for a long-term care (LTC) product for estate preservation and family protection. While many commercial life insurance companies have gotten out of the long-term care business, the Knights of Columbus considers LTC a very important piece of the family protection puzzle. The Order has been actively offering our members this product for nearly 15 years without a premium increase on current policyholders. Members who wisely purchased an LTC plan from the Knights in 2000 are still paying the same premiums today. Even better, our LTC coverage is backed by the full strength of the Order, which remains rooted in our strong Catholic values. Talk about stability when it counts.

If we have not spoken about your need for LTC coverage in your family portfolio, please take some time out of your schedule to meet with me. Remember, long-term care policies are underwritten based on your health, and you most likely will never be any healthier than you are today.
