

Columbarium Cremation Niches

Calvary Cemetery Cremation Niches will accommodate one or two cremains.

There are two sizes of niche space available. *Single-depth* Niche dimensions (interior) are 11" tall x 11" wide x 11" deep. *Double-depth* Niche dimensions are 11" tall x 11" wide x 22" deep. Cremation urns must fit into this space so care should be taken in choosing the urn(s), especially if two cremains will be placed into the niche. The Double-depth niches will better accommodate two average-sized urns.

Niche prices vary depending on the Tier (level from the ground) and size. A niche purchase includes interment charges (the opening and closing of the niche) during regular business hours. An additional fee will be charged if the interment takes place on a Saturday or after 3:00pm during the week.

A niche purchase includes a single or companion memorial plaque as shown below. The plaque must be ordered at the time of purchase. Final dates will be added to the plaque after interment at no additional charge. Any requests for changes to the memorial plaque in the future can be accommodated, but the niche owner will be responsible for the cost of the replacement plaque.
