

Living Discipleship – Caring for Creation

JUSTICE HERALD
JUNE 2020 ISSUE

In honor of the 5th Anniversary of *Laudate Si* and the 50th Anniversary of Earth Day, the Justice and Human Concerns Committee of St. Matthew Parish wanted to shine some light on efforts to care for creation happening in our local area.

PROJECTS SPOTLIGHT

We chose 5 projects from the Green Bay area to spotlight, and asked leaders in those projects to do a short video introducing us to the great things they were doing to care for Mother earth. Click on the links to learn about each project.

- * Sustainability practices of the Sisters of St. Francis
